*A Clear Advantage
In Your Bathroom*

*A Clear Advantage
In Your Bathroom*

A clear advantage in your bathroom with the original' *demista*TM Heated Pads

Steamed up bathroom mirrors were always accepted as an everyday problem that couldn't be solved.... until the introduction of *demista*TM. No more blurred or smeary mirrors, just flick a switch and see your reflection crystal clear.

*demista*TM is an ingenious device that keeps mirrors free of condensation for ever and allows you to see your reflection clearly even in the most airless and steamy bathroom.

Simple to fit • Low cost • Economical to run • Completely safe • Maintenance free
Approved to international standards • 10 year warranty • Manufactured in the UK

What is *demista*TM ?

*demista*TM is a simple efficient, ultra slim heating pad which fits inconspicuously behind most bathroom mirrors - existing or newly installed. Once fitted, the mirror will never steam up in and around the area of the pad. *demista*TM is manufactured in the UK specifically for mirrors and has been developed from a unique heating material which has been proven for over 30 years. It represents the most up to date standard of technology giving complete temperature stability with resistance to moisture, vibration, shock, dust and ageing.

Safe

Low surface temperature means NO overheating or damage, even if left on accidentally.

Economical

Running costs are almost insignificant - It also saves on time and cleaning materials

Easy to fit

*demista*TM is self-adhesive, fits to the back of virtually any mirror - new or existing - and simply wires into the bathroom lighting in accordance with instructions. *demista*TM can also be connected to the fan or separate switch if preferred.

Maintenance and Trouble Free

Complete reliability with NO costly wire elements to break and NO hot spots.

Fully Guaranteed

10 year warranty against any manufacturing fault, providing *demista*TM is fitted strictly in accordance with instructions supplied.

*demista*TM for every mirror

Many standard sizes - the table highlights the most common. Widths up to 700mm overall. Multiple pads can be fitted for larger mirrors. *demista*TM can be custom made if necessary. All sizes available in alternative voltages.

Approvals

*demista*TM is a Class II product complying to the following standards.

EC / INTERNATIONAL
 USA / CANADA
 AUSTRALIA

Approved to EN60335-1:2002 • EN60335-2-30:2009
